

# Adam

## AFFILIATION TO CWRU

Current Undergrad Student

## AGE

19 years old

## MAJOR

Biomedical Engineering

## FREQUENCY OF USE:

Daily

## GOALS:

- Financial Aid
- Extracurricular Opportunities
- Affordable Housing
- Employment Opportunities

## KEYWORDS:

Motivated, Active, Social,  
Entrepreneurial

I'm happy to be in such a competitive program and my studies are important to me, but I still want to be able to have fun outside the classroom and lab, through sports and theater.

## ABOUT ADAM

Adam is the first person in his family to attend college. His family lives in Cincinnati, Ohio, and he tries to get home at least once a month, as he is very close with his parents and two younger siblings. His parents work hard but did not save money to help him pay for college, so he relies on financial aid and part time employment to fund his education.

He was on the varsity soccer team in high school, and wants to stay active in the sport in college as he finds it to be a great outlet from his studies. It's also a way for him to stay in shape, which is very important to him.

He loves living on campus with access to the Cleveland Theater District. He is very social, and likes meeting people who enjoy the theater as much as he does. Since he lives on campus he rides his bike or depends on public transportation to get around.

Adam is very up-to-date with mobile technology and social media. He has a MacBook Pro, an iPhone, an iPad and an Apple Watch that help keep him connected to family and friends. It also helps him stay organized while in school, and having a calendar that syncs across all of his devices has been a lifesaver.

## CONCERNS:

- Completing his degree in 4 (5?) years
- Graduating with a job lined up
- Remaining active with soccer through intramural sports
- Knowing what is available in University Circle
- Finding internships or co-ops to earn money while attending college
